Title	Page
A Kabuki syndrome presenting with strabismus: case report	29
Combined evaluation of visual field and optical coherence tomography angiography data in multiple sclerosis patients	65
Comparison of axial length, intraocular lens power and refractive results using optical and ultrasound biometry	40
Current diagnosis and screening of hydroxychloroquine retinopathy	46
Current use of aflibercept 8 mg (eylea HD) in retinal diseases	10
Delayed-onset infection by atypical pathogens 35 years post-frontalis sling surgery	53
Dexamethasone implantation causing iatrogenic lens injury: a review of literature with case series	56
Efficacy of ChromaGen lenses in enhancing color perception in color vision deficiency: a critical evaluation	60
Epidemiology of childhood cataracts	18
Evaluation of choroidal vascular structure in patients with retinal vein occlusion	35
Evaluation of macular vessel density with OCTA in patients undergoing inferior oblique muscle surgery	21
Isolated medial rectus hematoma following blunt trauma-a novel case report	31
Left posterior cerebral artery occlusion following minor head trauma: a case report	25
Miller-Fisher syndrome after COVID-19 pneumonia: case report	16
Posterior polar annular choroidal dystrophy: a synopsis of choroidal dystrophies impacting the central macula through a case report	50
Reverse straatsma syndrome and lamellar cataract: a case report and review of the literature	13
Short-term results of steroid treatment in patients with non-arteritic ischemic optic neuropathy	72
The effect of cataract surgery on quality of life and sleep in geriatric patient group	5
The effect of phacoemulsification on the intraocular pressure, anterior chamber and pupildiameter in patients with pseudoexfoliation syndrome	69
The effect of strabismus surgery on psychosocial and functional quality of life	1
Vision-related quality of life in low-vision patients who underwent epiretinal membrane surgery	75
